WINDOWS 10 PROBLEM!

To run Minute Menu WebKids in Windows 10, you'll need to make sure you switch to Internet Explorer 11 browser instead of the Edge browser (which is the new default browser in Windows 10).

1 Open the [Minute Menu Login](#) page (pictured below)

2 Click the More Actions Icon at the top right.

3 Select Open in Internet Explorer 11

Use Internet Explorer 11

The login page will automatically be opened in IE 11. You can now enter your login and password and click the login button to access WebKids. You will need to repeat this each time you login to WebKids in Windows 10 unless you make Internet Explorer your default browser.

Go to the following link for instructions from Microsoft on how to make Internet Explorer 11 your default browser:
